

Peanut-Containing Product Recall Widget

A widget is an application that displays the featured content directly on your web page. You can embed content in personalized home pages, blogs, and other sites. Once you've added the widget, there's no technical maintenance. FDA.gov will update the content automatically.

To add it to your site, click on "Share." A new screen will display the html code for the widget. Simply cut and paste the html code into your Web page.

Place this Peanut-Containing Product Recall Widget on your Web site, portal home page, or in your blog to allow you and your visitors to search for peanut-containing product recalls.

Copy this code to add the Peanut-Containing Product Recall widget to your site:

```
<object id="fda_widget_salmonella09"
type="application/x-shockwave-flash"
data="http://www.cdc.gov/widgets/Salmonella/Salmonella2009.swf" width="254" height="425"> <param name="movie"
value="http://www.cdc.gov/widgets/Salmonella/Salmonella2009.swf" /><param name="AllowScriptAccess"
value="always"/><param name="quality"
value="high" /><param name="wmode"
value="transparent" /></object>
```

Feedback or Technical Questions

If you are having any technical problems with your widget or need additional help, please use our [feedback form](#).

Disclaimer

Placement of the FDA's widget is to be used only as a marker to the FDA.gov site and a channel for FDA.gov content. The use of the widget does not indicate any form of endorsement or approval from FDA or the U.S. Department of Health and Human Services.
