If the service date is changed after notifying the Township, the forty-eight (48) hour period begins at the time the Township is notified of the change.

All interments are under the direction of the sexton, who will have entire control of the digging of graves and all matters relating thereto. Funerals upon reaching the cemetery will be under the charge of the sexton or one of his assistants.

Only the body of a human being may be interred in the cemetery. Animals are prohibited.

Only one interment may be made in one grave space with the exception; an infant or cremation may be entered on grave with permission of lot owner and the Board of Trustees, as long as it does not interfere with existing vault.

Interments in the township cemeteries will only be made under the approval of a Township Trustee.

No outer casing of wood will be permitted.

Services at the cemetery should begin no later than 3:00pm Monday thru Friday unless specifically approved by the Board of Trustees, in which case additional charges may apply.

Saturday services at the cemetery must begin prior to 12:00pm.

No interments will be permitted on Sunday or the following holidays:

Under the rules and regulations of the Board of Health, immediate burial may be required in certain instances.

The cemetery will not be responsible for an order received by telephone or for any error resulting from the lack of precise and proper instructions as to the particular space, size, and location in a plot where interment is to be made and the Township Trustees shall not be liable in damages for any error so made.

All interment charges must be paid in advance, or guaranteed by the funeral director, personally.

All interments are subject to local, county, and state laws, regularly constituted.

Graves will not be re-opened for inspection, except for official investigation or by order of the trustees.
